

NORTHERN
NEVADA
OUTFITTERS

Dear Conservation Supporter,

As we reflect on the past year at Northern Nevada Outfitters, we are filled with profound gratitude for your generous support. Opportunities to collaborate with individuals like yours have been critical to our success in pursuing our mission to provide free guided hunts to youth, veterans and cancer survivors in our community. Thanks to your support, we have been able to create lasting memories and instill a deep appreciation for nature, conservation, and responsible hunting in the next generation of hunters.

In 2025, we successfully organized and executed 18 guided hunts exclusively for our program participants. These outings took hunters into the stunning landscapes of Northern Nevada, where they learned essential skills under the guidance of our experienced and dedicated volunteers. From tracking mule deer in the rugged mountains to pursuing pronghorn in open valleys, each hunt was tailored to be both educational and inspiring.

One of the year's most profound achievements was the 100% harvest rate among our hunters, with many achieving their first harvests. These moments of triumph not only boosted their confidence but also ignited what we believe will be a lifelong passion for the outdoors. We witnessed our participants develop patience, respect for wildlife and teamwork – life skills that extend far beyond the hunt. Our hunts checked all the boxes, incorporating hunter safety tips and training, wildlife conservation discussions, and ethical harvesting practices into every guided trip. A 100% harvest rate isn't just a statistic—it's proof of the elite professionalism and dedication that sets the Northern Nevada Outfitters team apart as one of the very best. Outfitted hunts are typically accessible only to those who can afford the premium for a streamlined, high-quality adventure. Your support and encouragement helped us raise money to provide essential equipment, transportation, and meals, ensuring that financial barriers did not prevent any deserving person from participating in this life-changing activity.

Stories from our participants continue to inspire us and give us the motivation we need to carry on with this dream for another season. One young hunter shared with us how his experience helped him connect with nature in a way he never imagined. He was lucky enough to hunt with his father and grandfather by his side who expressed appreciation for the positive mentorship provided by our guides. The story of this family caught the attention of another very important conservation group to the state of Nevada, Nevada Bighorns Unlimited. Northern Nevada Outfitters was featured in their quarterly publication, a link to which can be found on our website at northernnevadaoutfitters.org.

Staying Busy In The Off-Season

In January, Northern Nevada Outfitters had the opportunity to host a vendor booth at the annual Sheep Show put on by the Wild Sheep Foundation in Reno, Nevada. This was our very first expo! The Sheep Show is a coveted event in the conservation world, and we were blessed to share a spot on the exposition floor with companies like Sitka, Leupold, Stone Glacier, Yeti and Women Hunt. Also during the show, we were asked to film a segment about our organization with the crew documenting the successes of the Wild Sheep Foundation. This was Kyle's first on camera interview and he loved it. *(Just kidding – he absolutely did not love it.)*

Youth and Family Event

Nevada Premiere Sportsmans Expo

As we look ahead to 2026, we are committed to reaching even more people and building on the successes of 2025. Our fundraising goal for this year is **\$250,000.00**, which is a 4x multiplier from our goal in 2025. We know – it's aiming high. But we have learned a lot this year and have many new ideas to expand upon our program goals. We are excited to see where next year will take us and hope you will be a part of this wild ride with us for another amazing year.

As we close out our inaugural year at Northern Nevada Outfitters, we want to extend our deepest appreciation for your generous support in 2025, which enabled us to provide free guided hunts and volunteer opportunities to dozens of members of our community. These educational outdoor experiences introduced hunting to some for the first time and reignited the passion for the sport and the outdoors in others. We saw youth, hunting for their first time, experience the anxiety and overwhelming feeling of accomplishment of their first successful harvest. Cancer survivors shared stories about overcoming physical challenges in the outdoors. Veterans shared painful

stories around the campfire that needed to be shared. Northern Nevada Outfitters also recruited many volunteers for our own hunts and participated in a volunteer capacity for other hunters on their hunts. These experiences brought happiness and human connection to people who truly needed it. There is no doubt in our minds that these participants will carry on being responsible hunters and wildlife conservationists with a higher appreciation for the simple joys of life and the breathtaking landscapes of Northern Nevada. Long and short, your support helped inspire people and created unforgettable lifelong memories.

In closing, as our first year comes to an end, we are simply filled with gratitude for the ones who believed in us since day one. In fact, It is only through sustained partnerships, like yours, will we continue to remove financial barriers for more families and inspire future guardians of our natural resources. We look forward to your support in 2026 as we continue to grow this vital initiative. Please reach out to either of us at the contact below if you have any questions on how you can support and continue to be a part of the success of our organization. Thank you once again for believing in Northern Nevada Outfitters and for making these unforgettable experiences possible.

With our sincere gratitude,
